

# ENHANCED DIGITAL SOLUTIONS FOR MODERN BANKING

## INSTRUCTIONS FOR ONLINE BANKING

1. Go to [www.yourcountybank.com](http://www.yourcountybank.com) from your PC or mobile device. You will see the Online Banking box on the Home Page

**Current Consumer Users:** In the Online Banking box enter your existing User Name and Password; you will be directed to validate your personal information

**New Consumer Users:** In the Online Banking box select the "New User/Register Here" option; you will be directed to create a User Name and Password and enter your personal information

**Current Business Users:** Enter your existing User Name and Password and the Business ID that was provided; you will be directed to validate business information. If you do not have your Business ID, call County Bank at 877-611-2525 to speak with a team member

**New Business Users:** Contact County Bank at 877-611-2525 and a team member will set you up with log in credentials; then follow the instructions as a new user

2. Create a new Password that meets the following requirements

Minimum 8 characters  
Maximum 25 characters  
One upper case letter  
One lower case letter  
One number

3. Your Online Banking is ready to use
